To whom it may concern

Subject: Permission requests for using figures

Dear person in charge,

On behalf of the list of colleagues listed below, I would like to ask you if we have the rights to use with proper reference, some of the figures used in the following published articles:

1. in **Phys.Lett.B625:88-95,2005** , “*How long could we live?*”, Dorsner, Ilja and Fileviez Perez, Pavel **(1 figure)**;
2. in **Phys.Lett.B642:487-494,2006**, “*Precision measurement of solar neutrino oscillation parameters by a long-baseline reactor neutrino experiment in Europe*”, Petcov, S. T. and Schwetz, T. **(2 figures)**;
3. in **Nucl.Phys.B589:577-608,2000**, “*Physics potential at a neutrino factory: Can we benefit from more than just detecting muons?*”, Bueno, A. and Campanelli, Mario and Rubbia, A. **(1 figure)**;
4. in **Nucl.Phys.B631:239-284,2002**, “*On the energy and baseline optimization to study effects related to the delta-phase (CP-/T-violation) in neutrino oscillations at a neutrino factory*”, Bueno, A. and Campanelli, Mario and Navas-Concha, S. and Rubbia, A. **(1 figure)**.

The materials will be used to illustrate the article (~30p in English) on “*the Large underground, liquid based detectors for astro-particle physics in Europe: scientific case and prospects*” (arXiv:0705.0116) that we intend to submit to **Journal of Cosmology and Astroparticle Physics**.

Sincerely yours,

Dr. Jean-Eric Campagne
