Proof procedure

Please check:

- completeness of text, figures, and tables
- typographical errors

The publication of inaccurate data such as dosages and units can have serious consequences. Please take particular care when proofreading to make sure that all such details are correct.

Please indicate all corrections in blue or black within the line of text and in the margin.

The publisher reserves the right to charge the author for any corrections that are made for style only.

New results may be placed at the end of the paper as a "Note added in proof".

In exceptional cases we may not have been able to use your data.

Therefore, please check the proofs carefully.

Please send this sheet and the corrected proofs within 3 days to the address indicated at the top of this page. Courier packages must be marked "No commercial value" to avoid customs duties and delays.

- To determine if your journal provides free offprints, please check the journal's instructions to authors.
- If you do not return this order form, we assume that you do not wish to order offprints.
- If you order offprints after the issue has gone to press, costs are much higher. Therefore, we can supply offprints only in quantities of 300 or more.
- For orders involving more than 500 copies, please ask the production editor for a quotation.
