Thank you for your permission request dated May 4, 2007. We are pleased to grant you a non-exclusive, non-transferable permission, English rights, limited to **print and electronic format**, provided you meet the criteria outlined below. Permission is for a one-time use and does not include permission for future editions, updates, databases, translations, or any other matters. Permission must be sought for each additional use. This permission does not include the right to modify APS material.

Please print the required copyright credit line on the first page that the material appears: "Reprinted (abstract/excerpt/figure) with permission from [FULL REFERENCE CITATION] as follows: authors names, journal title, volume number, page number and year of publication. Copyright (YEAR) by the American Physical Society.

The following language must appear somewhere on the website: "Readers may view, browse, and/or download material for temporary copying purposes only, provided these uses are for noncommercial personal purposes. Except as provided by law, this material may not be further reproduced, distributed, transmitted, modified, adapted, performed, displayed, published, or sold in whole or part, without prior written permission from the American Physical Society."

Provide a hyperlink from the reprinted APS material (the hyperlink may be embedded in the copyright credit line). APS's link manager technology makes it convenient and easy to provide links to individual articles in APS journals. For information, see: <http://publish.aps.org/linkfaq.html>

You must also obtain permission from at least one of the authors for each separate work, if you haven't done so already. The author's name and address can be found on the first page of the published Article.

Use of the APS material must not imply any endorsement by the American Physical Society.

Permission is granted for use of the following APS material only:

- Fig. 1, 6, Phys. Rev. D, Vol. 75, 023007 (2007)
- Fig. 3, Phys. Rev. C, vol. 74, 015803 (2006)
- Fig. 10 Phys. Rev. D, vol. 71 053006 (2005)

Permission is limited to the single title specified or single edition of the publication as follows:

- Article entitled "The Large underground, liquid based detectors for astro-particle physics in Europe: scientific case and prospects" to appear in the Journal of Cosmology and Astroparticle Physics and to be published by Institute of Physics Publishing (IOP)

If you have any questions, please refer to the Copyright FAQ at: <http://forms.aps.org/author/copyfaq.html> or contact me at assocpub@aps.org.

Sincerely,
